8:25 – 8:30 p.m.	Review Action Items and Parking Lot Items	Morgan Lommele

Public Comment: All Landfill Task Force meetings are open to the public. There will be no public comment period during the meeting time. Public comments must be submitted in advance of the meeting via the comment form on the Landfill Task Force [webpage](#). Landfill Task Force members will take time at the beginning of each meeting to review and discuss all public comments received between meetings.

Meeting #2 Action Items

Town of Erie

- Share Colorado Department of Transportation (CDOT) plans for Colorado Highway 7 Between Brighton & Boulder.
- Share an updated crash history for the roadways and intersections within the vicinity of the landfill, including crashes at the intersection of the I-25 East Frontage Road and County Road 6.
- Provide an overview of the types of vehicles involved in crashes (e.g., waste haulers or personal vehicles) and if possible, Unincorporated Weld County and City and County of Broomfield crash data from the area.

Waste Connections

- Gather information about haulers accessing the landfill, including origin and routes.

Kearns & West

- Develop a Frequently Asked Questions document to address common questions from community members and publish the document to the [LTF website](#) before the next meeting.
- Draft a set of entrance location recommendations for the LTF to consider.
- Coordinate with Waste Connections to organize a tour of the potential landfill entrance locations.

Public Comment Process

This is an overview of ways that the public can submit and review comments and questions about the Front Range Landfill and the Landfill Task Force.

The public may submit comments through the ‘Comment Form’ at the top right of the [Landfill Task Force webpage](#). These comments are automatically added to the ‘Public Comment and Questions’ spreadsheet embedded in the webpage. Landfill Task Force members review comments in advance of each meeting.

Questions about the Front Range Landfill can be asked through the ‘Ask a Question’ form at the bottom of the Landfill Taskforce project webpage. A representative from the project team will develop a response within one week and post it underneath the submission form.

People attending the Landfill Task Force meetings in person may also fill out a comment card. These comments are transcribed and posted on the webpage. Virtual attendees are asked to submit comments via the ‘Comment Form’ on the webpage.

When one question is consistently shared by members of the public through either form, or by comment card during the Landfill Task Force meeting, that question will be addressed in a Frequently Asked Questions document on the project website.

Public Comment: All Landfill Task Force meetings are open to the public. There will be no public comment period during the meeting time. Public comments must be submitted in advance of the meeting via the comment form on the Landfill Task Force [webpage](#). Landfill Task Force members will take time at the beginning of each meeting to review and discuss all public comments received between meetings.
