Public Comment: All Landfill Task Force meetings are open to the public. There will be no public comment period during the meeting time. Public comments must be submitted in advance of the meeting via the comment form on the Landfill Task Force [webpage](#). Landfill Task Force members will take time at the beginning of each meeting to review and discuss all public comments received between meetings.

Time	Topic	Presenter
8:25 – 8:30 p.m.	Review Action Items and Parking Lot Items	Morgan Lommele

Meeting #4 Action Items

Waste Connections:

- Develop simulations of different geomorphic scenarios and feasibility options for filling the horseshoe-shaped notch.
- Develop photo simulations of the current, permitted, and proposed changes to the permitted landfill area; and how the site will appear from the south while being filled.

Town of Erie:

- Meet with engineers from the Colorado Energy & Carbon Management Commission to discuss managing the abandoned gas well in the horseshoe-shaped notch.
- Prepare a model describing potential future traffic conditions with suggested hauling routes along Erie Parkway.
- Share a planning and development timeline for the parcels surrounding the Front Range Landfill property.

Kearns & West:

- Develop a summary of LTF Meeting 4.
- Begin drafting LTF recommendations for future LTF consideration.

Public Comment: All Landfill Task Force meetings are open to the public. There will be no public comment period during the meeting time. Public comments must be submitted in advance of the meeting via the comment form on the Landfill Task Force [webpage](#). Landfill Task Force members will take time at the beginning of each meeting to review and discuss all public comments received between meetings.
