Meeting #5 Action Items

Task Force:

- Identify potential community benefits and share them with the facilitation team.

Public Comment: All Landfill Task Force meetings are open to the public. There will be no public comment period during the meeting time. Public comments must be submitted in advance of the meeting via the comment form on the Landfill Task Force [webpage](#). Landfill Task Force members will take time at the beginning of each meeting to review and discuss all public comments received between meetings.

- Send any additional questions about the proposed FRL eastern expansion and water tank relocation to the facilitation team.

Waste Connections:

- Develop draft language to be included in the recommendation describing the processes for assessing the abandoned well in the horseshoe-shaped notch and ensuring the water tank relocation avoids contamination from the Coyote Trails oil and gas facility.
- Confirm the amount of remaining acreage on the FRL property outside the permitted boundary that could be used for community benefits.

Town of Erie:

- Review applicable Colorado state requirements for developing water infrastructure near an oil and gas facility.

Kearns & West:

- Develop a summary of LTF Meeting 5.
- Revise the draft LTF hauler route and land use recommendations based on feedback from the LTF.
